## **Entry of Anthem HealthKeepers Plus, a Virginia Managed Care Organization (MCO), for the Medicaid/FAMIS Programs in Culpeper - September 1, 2012**

The purpose of this memorandum is to inform you of the entry of Anthem HealthKeepers Plus, a Virginia Managed Care Organization (MCO), for the Medicaid/FAMIS programs in the Culpeper area of the Commonwealth. DMAS is pleased to announce that, effective September 1, 2012, Anthem HealthKeepers Inc., will be administering health care services to Medicaid, FAMIS, and FAMIS MOMS managed care eligible members in Culpeper County. Managed care eligible members in Culpeper will now have a choice of two health plans, Anthem HealthKeepers Inc., Plus and Amerigroup Community Care, offering a wide range of enhanced services.

Medicaid's MCO program began on January 1, 1996, as a managed care initiative of the Virginia Medical Assistance Program. As a result of multiple expansions, the current MCO program now covers Medicaid and FAMIS populations in all localities across the Commonwealth. With this Culpeper expansion, the Department will operate the MCO program statewide with at least two MCOs in each area of Virginia. Expansion of the managed care program has resulted in significant health outcome achievements that are detailed in the *Virginia Managed Care Performance Report 2011*, which may be viewed at [http://dmasva.dmas.virginia.gov/Content\\_atchs/mc/apr-f6.pdf](http://dmasva.dmas.virginia.gov/Content_atchs/mc/apr-f6.pdf).

### **IMPACT OF MCO EXPANSION ON PROVIDERS**

MCO expansion in Culpeper County means that the Rural Option program will end on August 31, 2012, and will no longer be available. Effective September 1, 2012, managed care eligible individuals residing in Culpeper will be enrolled in one of the two MCOs.

Each MCO is responsible for the development of its provider network. Providers are strongly encouraged to contract with the participating MCOs. This will allow you to continue serving the Medicaid and FAMIS managed care population. It will be helpful to your patients to advise them of the MCOs with which you are contracting so that they may continue to be seen by your practices.

To assist in the transition process, DMAS will be providing the MCOs with Medical Transition Reports. These reports will reflect individuals receiving certain medical services such as durable medical equipment, pregnancy services, and dialysis, among others. This information will assure that service authorizations, etc., are transferred to the MCOs without disruption.

## Individuals Excluded from Managed Care Participation

There are certain groups of Medicaid members who are exempt from MCO participation. These individuals will continue to be served through Medicaid's fee-for-service program.
